

## Dispense tips – Luer lock adapter – for mixer with T-end

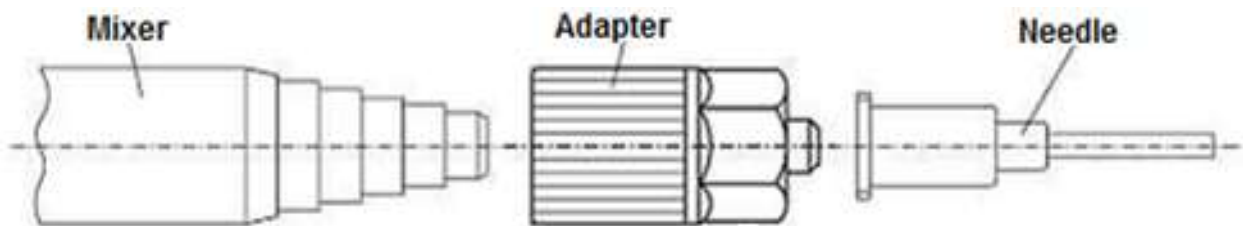

### Technical Data

Low-cost Luer Lock Adapters are designed for a wide range of Statomix™ motionless mixers.

These adapters screw to the tip of the mixer and facilitate the attachment of dispensing needles for precise application of fine beads or dots and to reach within small spaces.

Three color-coded sizes of Luer Lock Needle Adapters are designed to cover the range from I.D. 5 to I.D. 10 mixers and fit all standard Luer Lock type needles.

Part Numbers	Color	Suitable for mixer
<b>Adapter</b>		
LA 05-00	White	Round & Square mixer with inner diameter $\leq 5$ mm
LA 06-08	Gray	Round & Square mixer with inner diameter 6 till 8 mm and Square mixer with inner diameter of 10 mm
LA 10-00	Black	Round mixer with inner diameter of 10 mm
